

Does This Proposed Rule Apply To Me?

		Project Priority Number Assigned to Your Sand/Salt Pile in 1999/2000					
		Priority 1	Priority 2	Priority 3	Priority 4	Priority 5	No Priority Number Assigned -or- New Storage Area
Owner or Operator of the Sand/Salt Storage Area	Municipal or county government	This proposed rule does not apply to these sand/salt storage areas provided that storage facilities are constructed on their registered sites <u>and</u> all sand/salt piles are relocated within these facilities in accordance with the schedules established in state law.			This proposed rule does not apply to these storage areas as long as the sand/salt piles remain at the registered storage areas.		This category applies to any storage areas not previously registered or created after October 1, 1999. Owners and operators must comply with registration, siting, and operational requirements described in Section 3 and 4 of the rule before commencement of activities.
	All other public entities, including state, quasi-state and federal government agencies.				Owners and operators must comply with operational requirements described in Section 4 of the rule by October 1, 2002.		
	All private entities, including contractors and businesses which operate storage areas for winter maintenance solely on their property.						

NOTE: Any storage area that contains **30 cubic yards or less** of sand-salt mixture is exempt from all provisions of this proposed rule.
